This year the “Inner Alchemy” retreat has a different structure. You learn an ancient meditation: the “Bridge & Regulator channel” in sitting, standing and lying down posture. It’s a powerful practice to balance our organism within 4 - 15 minutes. Taoyin Qigong will open the joints and stretch the tendons - mainly practised on the floor. Everyday we will start with a centering breathing practice “Mantra Qigong”. The mind becomes calm naturally and relaxed whilst maintaining a high energy level.

### Qigong Retreat: 20 - 23 October 2017

Friday 4.15pm - Monday 4pm

This seminar is a combination of exercises and meditations in motion, stretching, breathing and inner Stillness.

This Self-Healing Health & Meditation Retreat is held in part-time silence.

(prerequisite the knowledge of the Micro Cosmic Orbit. No need to know the “Fusion I & II”)

### Mantra Qigong

originally this practice has it’s roots in India. It balances our energy centers in a very short time. Mantra Qigong nourishes all the centers, so we are able to connect deeper with the heart.

### Liberation of the Heart

The heart is the seat of love and joy. Connecting with our heart unfolds the finest energy on a deep level.

### The Retreat includes also:

- **Taoyin** gently stretches the tendons and muscles, and opens the joints. This releases blockages and liberates stagnated energy.
- **Tantien Qigong** strengthens a good center in the lower abdomen, which allows to store more vital energy easier.

*Tao of Silence - out of stillness appears motion again*

*The venue and the rooms offer stunning views.*

### The Bridge & Regulator Channel:

- regulates and builds bridges in the whole meridian system

### Wisdom Qigong:

- will synchronize the cerebrum and supply the brain cells with more life force
- The brain will become more animated

*Taoyin - gentle breathing and stretching exercises*

*Wisdom Qigong can raise the consciousness in daily life*
